Your Partner Name

Your short positioning statement (8-12 words)

SEGMENT FOCUS

Mid-market / Enterprise / SMB

REGION

Primary region (for example DACH, EU, North America)

SHOPIFY PARTNER SINCE

Year

TEAM

Team size (for example 30+ Shopify specialists)

★ Strengths

What makes your team a trusted Shopify execution partner.

- Core strength #1: what makes your team hard to replace
- Core strength #2: your strongest execution advantage
- Core strength #3: proof-backed differentiator
- Core strength #4: commercial or operational advantage

⚡ Capabilities

The implementation workstreams you deliver repeatedly.

- Capability #1 (e.g., migrations from Magento/Shopware/Custom)
- Capability #2 (e.g., B2B + D2C architecture and rollout)
- Capability #3 (e.g., ERP/3PL/CRM integrations)
- Capability #4 (e.g., CRO, retention, experimentation)

🎯 Ideal Customer Profile

Who should engage you first and why.

Merchant stage	Who you serve best (growth, scale-up, enterprise)
Complexity	Technical and organizational complexity you handle
Business model	B2B, D2C, omnichannel, wholesale, subscriptions, etc.
Decision criteria	What the buyer values most in your projects

📖 Success Stories

Use concise proof points with business outcomes.

Success Story 1

Industry • Migrated from Previous platform

1 sentence describing scope and complexity.

Result metric #1

Result metric #2

Result metric #3

Success Story 2

Industry • Migrated from Previous platform

1 sentence describing scope and complexity.

Result metric #1

Result metric #2

Result metric #3

Success Story 3

Industry • Migrated from Previous platform

1 sentence describing scope and complexity.

Result metric #1

Result metric #2

Result metric #3

🕒 Delivery Parameters

- Typical budget:** Typical initial project budget range
- Implementation timeline:** Typical implementation timeline
